Vol. XIV, No. 15 | FEBRUARY 7, 1942 | Whole No. 673

Linprint Products to be Discontinued

ALREADY announcement has been made in the advertising columns of this publication that the entire line of Linprint Printed Philatelic Products are to be discontinued. This move has been contemplated for the past year or more and the final decision to discontinue the publication and manufacture of all of these products has been hastened by the present world situation.

It has always been one of the characteristics of the editor and publisher of this publication to be very frank with the readers and supporters in all announcements and we feel that a frank statement of the principal reasons behind the discontinuance of these products is due our readers.

For years past, we have received regularly, complaints from various dealers who have argued that the competition of our line of products with their line of products was unfair in that we had liberal space to offer them in while they had to pay advertising rates. These dealers frequently assured us that it was because of this situation that they did not give us more advertising copy and that the copy was given to other publications.

We acknowledge the justice of their statements in many instances and on the other hand we can point out that the successful development and building up of a line of printed products as large as that which we have offered is an extremely difficult matter and that many of these people who have complained in the past have failed to continue with the products which they had originated and offered. The past is full of failures of ambitious publishers who jumped into the advertising field with proposed new album pages, and other items, only to make a few sales and then find that the stamp dealers of the country would not stock and thus support their ideas. As a result—failure. Anyone familiar with the past fifteen years should be able to think of many such failures. Had we been obliged to market our material in the same manner it would have been impossible to do so and it has only been through a combination of a publishing plant with a weekly paper that we have been able to succeed as well as we have and that has not been as well as it should be to make it a desirable feature to continue the line of material.

To market a line of material such as we have offered, we would much prefer to do so through dealer representatives in many cities throughout the country. Dealers with but a few exceptions have refused to cooperate and carry stocks. The liberal advertising afforded the products would have meant many sales for them and we have often pointed out to dealers that the sale of an album or some al-

bum pages meant more to them than the sale of a few stamps, because such a sale meant that the collector would need stamps to fill those pages. As a matter of fact, few dealers ever give much attention to marketing supplies, but devote their time almost wholly to selling stamps. Profits in supplies are good and dealers who fail to handle them are failing to serve their customers in the best manner.

With all of the stamp dealers that are operating in America, our wholesale sales should have been quite large, but as a matter of fact, our retail mail order sales were regularly, several times the amount of the wholesale sales for the entire country. Certainly if collectors in small towns throughout the country could have bought our supplies locally they would have been glad to do so and save postage costs, but they were unavailable because of lack of dealer cooperation.

These then are the reasons we have to offer for the discontinuance of the Linprint Line of Philatelic Products.

On top of this, now is a fine time to discontinue such a line for there are going to be many difficulties in the way of obtaining suitable paper and supplies for the continuance of unessential material such as our line of goods. Already we have had some headaches over the matter and they they will multiply till it would be too much worry to try to keep the entire line active.

There are a few items in our line which can profitably be taken over by other dealers, small printers or publishers. We will be much interested in hearing from anyone who might wish to take over some one of the items for further production. The Unit System pages can be profitably taken up by any dealer as the sale and marketing of these pages should make desirable customers for a stamp dealer and we have never sold stamps to any of these buyers. If you are interested in any of the items we previously offered, we suggest you write us immediately and see if we can not turn over to you, plates or other supplies necessary to continue the item you are interested in.

Stamp Business Will Prosper There is every reason to believe that the stamp business is on the verge of a long and successful season which will continue throughout the years of this present war. Hundreds of things for which people could spend money, some necessities, other luxuries are going to be difficult to purchase in the coming months. Already there is a possibility of a War Prohibition or a discontinuance of the manufacture of whiskey in order to make alcohol. That will mean a saving for a lot of people, that will

THE STAMP STUDIO
P. O. Box 11 Station W New York, N.Y.

put a damper on Night Clubs and other spots where lots of money is thrown away now. Many commodities to which we have been accustomed will be rationed and many things you have thought of buying will be unobtainable. Your best friend will be your stamp collection and so long as the mails are going it is easy to carry on as stamps go all over the country in letters. Dealers who want business can get it by well prepared and liberal sized advertisements. Show them you have the goods and the prices at which you sell and you will get business. Too much stamp advertising money is wasted by dealers who use inch spaces and make no offers but try to tell collectors that they have good stamps to sell. The dealers who get the business are those who use spots big enough to attract attention and then put spot cash offers that are of interest to collectors before their eyes. It is advertising of this sort that will bring business.

War Rates Two weeks ago we printed a full page advertisement offering special low advertising rates for large space, space of 9 inches or more was offered at a flat price of $1.00 per inch. Full pages of 27 inches at $25.00. Wise dealers who know the pulling power of Linn's Weekly Stamp News from experience have already been taking advantage of this offer. George W. Wentz, Jr., of San Marcos, Texas has a full page in this issue and a full page ordered for late February. In the meantime in other February issues he has several other advertisements booked for

Telephone: PLaza 3-6482

other dates. In a recent letter from Mr. Wentz he frankly states that his advertising in Linn's has brought him more response for less cost than any other stamp publication and that the class of customers obtained have been of the buying kind. Merritt Brundige of Cambridge, N. Y., is another dealer who is taking advantage of these low rates and knows the power of this publication for results. This week, we are almost swamped with advertising—note the back page from a New York dealer, note the page from the Washington Stamp Exchange and note also the Elmer Long auction. We need not call attention to this for it can not be overlooked and collectors should be acquainted with the fact that Mr. Long has a record of many years as a successful auction sales service and the sale in this issue is well worth looking over.

Dealers who have overlooked the former announcement will find the rates printed in the lower right corner of page 2 of this issue. Take advantage of such rates and get some business for collectors are buying as our mail orders will testify.

No Axis Stamps Are O. K. Our New York Correspondent in his Broadway Chatter this week infers that certain New York Wholesalers are trafficking in the recent Axis issues and state that what they are offering is O. K. Be careful boys lest some descendents of those American who came to America on the Mayflower may come in and turn your stamp shop upside down. Just remember that any stamp that now comes from any of the countries under Axis Domination is RANK POISON and we want none of them in America for certain it is that all that come here must mean dollars going back to Hitler and those dollars must go to lick Hitler, not help him.

You've asked for a Two Volume Catalogue

NOW — HOW SHALL WE DIVIDE THE VOLUMES?

We submit to you and ask for your opinion on the following divisions:

VOLUME ONE To include the stamps of the United States and its Administration issues; the entire British Empire; and the independent nations of the Americas and the West Indies.

VOLUME TWO To include the stamps of all European countries and their colonies together with Independent Asia (China, Japan, Manchukuo, Corea, Afghanistan, Yemen, Iran) and Independent Africa (Abyssinia and Liberia).

Should we maintain the present alphabetical listings of the different countries in Volume II? In other words, should the stamps of Belgium be followed by Belgian Congo, France by its colonies, Germany by its colonies, Portugal by its colonies, etc.?

Under the administration issues of the United States, should the early issues of the stamps of Cuba, Puerto Rico and the Philippines be included in Volume I and vice versa?

Furthermore, should the French and Dutch colonies in the Western Hemisphere be included in Volume I with the American nations?
Let us have your opinions.

JOIN THE BATTLE CRY
OF THE REPUBLIC
WITH THESE

ARTCRAFT PATRIOTIC ENVELOPES

DON'T wait for your Country to tell you what to do. Do it now! It is a known fact that propaganda, as a factor in this War, is as important as the fighting services. It's the main spring of fifth column activity, and fully exploited by the enemy to break down the home front. REMEMBER TOO, that the home front is as important as the fighting front. A high morale at home, means a high morale with the fighting men.

A constant stream of propaganda to ourselves, our friends, and our fellow Americans here and in South and Central America will overwhelm and neutralize vicious enemy propaganda. It will keep us alert to our responsibilities and our dangers. It will keep the home front fighting.

Appoint yourself a MINISTER of PROPAGANDA, do YOUR part by getting a supply of these patriotics. Use them with your letterheads in your business, send them to your Congressmen, friends, foreign correspondents, for base cancellations, censor markings, and etc. Let them know you are on the job—on the alert—keeping your Country fighting.

Keep these patriotics when you receive them as souvenirs of the times we are passing through. Tell your friends to do likewise. Remember, the Civil War, Patriotics are standing historical records of the temper of those times. These patriotics will serve a similar role in the years to come.

WE'RE IN THIS TOO! From now on, all our correspondence will be mailed in these envelopes. So, LET'S GO! U. S. A.—Order your supply today at these low prices.

ARTCRAFT PATRIOTICS

Each ARTCRAFT design shown above is lithographed on a fine white 6¾" correspondence bond envelope in patriotic RED, WHITE, and BLUE.

The End of Sale #108
THANK YOU!

• The seals for the 3rd Annual Convention of the Cover Collectors of America has just been released in order to raise convention funds. The seals are very attractive, the central design is a reproduction of the three cent green Centennial envelope in the original color and has an overprint of the C. C. of A. in Red. The seals are sold to raise convention funds, @ 10c each or 3 for 25 cents, and may be secured from Mrs. Dee, P. O. Box 567, Tulsa, Oklahoma, secty., of the Tulsa Cover Club. The entire Convention this year will be on a war basis and publicity on this will be released later.

• The Lambert W. Gerber catalogue of the Second Sale from the great Dr. O. E. Wolfe Collection is now ready. This sale is to be February 12, 13, at the Collectors Club in New York. The catalogue is brim full of the most attractive kind of items that every collector can become enthused over.

Navy Censor Marks

For the past year or more there has been "voluntary" censorship of Naval mail. Of course the ship names were no longer used and the cancel read simply "U. S. Navy", with none of those killer bars with fancy remarks, places, etc.

Added to that elimination of special ship cancellations, which was a type of censorship, letters from ships have been marked by a rubber stamp, circular style—"Passed by Naval Censor," usually in caps, and then the initials of the censor were marked in the center. All censor markings I have ever seen from ships are of this type.

When war was declared, there was an immediate censorship of all mail, and various devices were used. In all cases the mail was brought to one office, or to several offices at a station, and certain officers were designated as censors. This station used a combination of rubber stamps. International censorship was countermanded after about two weeks, and at present only mail leaving the United States is censored.

If anyone is interested, by the way, in receiving a cancel from this station, I'll be glad to co-operate. Our cancel isn't very interesting as it reads—E. Greenwich, R. I., Quonset Point. It is a made over affair from a former rural route—the cancel, I mean—not the Air Station.

Very truly,
John D. Zimmerman,
Lieut., ChC, USNR,
Chaplain, U. S. Naval Air Station, Quonset Point, Rhode Island.

New Stamp Racket

There is a new racket being worked by someone, I have as yet failed to find out just who or what is behind it, but the story is that people are asked to save their old postage stamps and give them to someone for the purpose of destroying them and reclaiming the DYE from the color in the stamp. Certainly this is about the lousiest excuse that anyone could think of for asking people to save stamps. It naturally will prey on the minds of good people who wish to help and doubtless many of them would save stamps and give them, never thinking or knowing that the amount of dye that can be salvaged, if it can be done at all, from stamps is so little that the idea is ridiculous to begin with and is therefore a racket of the most vicious kind. Whoever gets these stamps to salvage the DYE will merely sell them to collectors as mission mixtures after salvaging all the GOOD stamps from the lots received. Certainly such a racket should be squelched by every means possible.

● Lee S. Anderson of Clinton, Conn., sends a clipping from the New York Times which tells of the arrest of two alleged New York Stamp Dealers who had been cutting U. S. stamps into small pieces, using only those parts without cancellation ink, matching them together to make whole stamps and selling them for use for postage to other parties. Something Sam Singer never thought of doing.

TWENTY DOLLARS FOR ONE!

We have on hand several thousand foreign stamps that we have broken up into lots cataloging $20.00 or more—each lot is carefully selected and every stamp is clean and collectible. (No damaged stamps are enclosed.) These lots are comparable with our famous Gamblers Lots except that we have added enough high catalog stamps to bring the total to at least $20.00. These lots are famous with our customers—many order 3 to 5 lots at a time because they know that we fully guarantee them without question. You can order these packets with complete confidence that you will be satisfied . . . OR MONEY BACK! Hurry, because we only offer these two or three times a year: prompt refund if we have sold out. Most lots contain 20 to 150 stamps. Send your $1. Today.

GEO. W. WENTZ, Jr.
San Marcos, Texas

Bargain of the Year!

Selected lot, especially built for the Bargain Hunter (and for all intelligent buyers). Mint Liberia; Canada; United States; Newfoundland; War Commemorative; Belgian Astrid Mint; Coronation; Spain Velasquez, etc. Includes $1.00 Labrador catalogs $10.00 in B.N.A. Catalog, and Canada Airmail catalog value $1.50 by Sanabri. CATALOGUE VALUE OF THE ENTIRE LOT IS OVER $14.00. Only 100 lots are available at only

$1.00 Each

Our tip is to be the early bird! Remit by dollar bill, mint U. S. or Defense stamps.

BROADWAY Chatter

Edward Elkins, president, of Balisea has just announced that the 1942 Exhibition has been postponed. The Brooklyn and Long Island Show has become to be regarded as a metropolitan highlight. Of course the war had a lot to do with the postponement. In addition Mr. Elkins said that there was no dealer support at this time.

An airmail overprint was received this past week from Lundy's. This is an Island in the Bristol Channel off the coast of Devonshire. Stamps from this isle have never been recognized as they are locals. Wholesale firm receiving these stamps in order to increase the sales have wide spread a rumor that all stamps from Lundy's are to be recognized. Scott's publications at the time of writing know nothing about the recognition of these stamps.

Still puzzling to your correspondent are the large quantities of Axis stamps wanted by collectors. In addition I wonder where several of the newer type material comes from. The importers who are handling this claim that their material is O. K. It had better be.

Many collectors are buying the new $2.09 Auto use stamp. This revenue stamp will add quite a few extra dollars to the Federal Income thru collector sales. Many collectors who are buying this stamp state that they feel the stamp may turn out to be a good investment as on July 1, a new stamp comes into being.

Many New York retail and wholesale dealers are seeking the Greek-Albanian Occupation sets. The overprint on the Youth set is the better of the two sets, and has been seldom seen in the last few months. Wholesale price has doubled over its original price, and may go higher until a few more sets come on the market.

Another set which seems to have disappeared is the British Jubilee set. There are so very few complete sets in dealers hands. Most dealers are more anxious to buy this set instead of selling it. Coronations have improved slightly. The Hong Kong Centenary set is in heavy demand. Rising wholesale prices are cleaning out most of the speculator supplies. Yes, that is one thing to remember, after wholesale supplies are gone we have the speculator.

In constant demand the past few weeks has been the recent airmail set from the Philippines. Most dealers have a few sets put away and are awaiting further price increase before releasing their holdings. Also speculating.

The rather unpopular Malayan stamps have suddenly improved their popularity. Rather large stocks of these stamps have been suddenly riddled by the demand for this material.

The best stamp sales of this week have been made in Defense stamps, which is as it should be, keep on buying these stamps and of course don't forget the American Red Cross.

By Kenneth M. Gierhart
Baltimore, Ohio

Spread Letters

In the first of the small or standard type bureau prints there occurred several instances where space seemed to be added between letters where there should not have been any space. I cannot understand how this space could have occured in the ordinary process of manufacturing. I think I am safe in saying that all instances of 'spread letters' occured on the handset types. I do not recall of anyone offering a satisfactory answer as to how this spacing error could have happened, or perhaps everyone knows but me. To a printer the obvious way the space could have gotten there would be that the line was loose when set and to justify it a space was slipped in between the letters to make the type line tight. What a printer that must have been if that is actually what happened. One explanation that seems to fill the bill is this. This small size six point type can easily be bent and these particular letters were bent in such manner that even when tightened up in a line did not come clear back to their normal place. The most prominent spread letters occur on the Milwaukee plate between W-A, in the Houston coils between X-A and in the Muncie sheet stamps between N-D. The Milwaukee spreads are more common than the other two items for obvious reasons. Maybe there is a printer in the audience that can give us some information on this.

Survey

At a nearby factory a skid of twenty parcels just arrived via Parcel Post was recently checked. Out of the twenty parcels, coming from different points all over the country, NONE HAD PRECANCELS ON THEM. One heartening fact disclosed was that ONLY THREE had Meter Strips on them. The other seventeen bore ordinary cancelled stamps of various denominations as required. It is my hope that as business progresses as it must in the next few months regulations will be relaxed to the point where many firms will be able to use precancels again. I would hate to see this beautiful Presidential series go by the boards without more of the high values saved for posterity.

TANNU TUVA

73 Stamps, 7 COMPLETE ISSUES ! ! ! Diamonds, Triangles, Squares, and Oblongs. Scott's Catalog says they were issued mainly for collectors and after one look at them you can easily believe it! (See pages 1464-1465, 1942 Scott's Catalog).
No collection of animals, birds, or any subject collection could possibly be complete without these stamps from Tannu Tuva. They are colorful—from zeppelins to wild turkeys! From the little fox to the lumbering tractor. Squirrels, bears, weasels, oxen, wild horses, and camels! Brilliant sunsets, mountains, forests, placid lake, and pastoral scenes! Dashing warriors and zooming airplanes! Hunters, fishers, trappers all before you in a beautiful array! The flashing color will leave you breathless: no black and white picture could ever truly show the splendor of these stamps.
These stamps come neatly mounted with hinges in a small booklet and we would be glad to send them to you for your approval—or better still, send only

$2.50
